

## Summarised Friday Sermon

20 FEBRUARY 2009

### STRIVING to PRESERVE OUR FAITH

- Iman is the greatest blessing from Allah s.w.t. Our status in Allah's measure is through our iman.
- To gain Allah's blessings, we must obey His orders. And part of His orders is to encourage others to do good and preventing them from doing wrong.
- This is a role and duty that we all share. It is an ibadah that will increase our iman.
- We should try to do this as individuals or collectively, in small or big ways. However, we must base this effort in knowledge and a wise approach (i.e. with hikmah).
- As such, I would like to call upon all brothers to work hand in hand and be committed to the path of inviting others to do good, and advising them from doing wrong.
