

## Summarised Friday Sermon

22 MAY 2009

### MANAGING FAMILY FINANCES

- There are many things we can do to ensure the success of our family in this world and the hereafter.
- Other than obtaining permissible and good sources of income, we also need to be wise in managing that income, more so in this uncertain times.
- Everyone of us need to have a sound financial plan, in order to prevent financial difficulties, especially debt.
- May we all be able to save more and refrain from continuing wastage.
- May all our efforts for our families yield rewards, of financial security and happiness in the hereafter.
