Knowledge Which Leads to Taqwa

- The status of knowledge is placed very highly in Islam. A knowledgeable person is privileged and given a special place by Allah
- Knowledgeable individuals will be among those who are respected here on earth and in the hereafter. Knowledge which is acquired with full sincerity will benefit for the long run.
- Knowledge will show us the way to a life that pleases Allah s.w.t. The role that knowledge plays on an individual is extremely crucial.
- The key factors of an honoured and respected community are its positive core values and its contributions towards others. Islam was revealed as a blessing to all.
- Islam does not limit the type of knowledge that Muslims are allowed to learn. All types of knowledge come from Allah s.w.t. as the Creator of the whole universe.
- From these two things; which are knowledge that is beneficial, and knowledge that encourages us to think, we will be able to reach the level of success that we crave for.
