THE CONCEPT of IMAN in the HOLY QURAN

- In the past weeks, we have learnt some of the guidance of the Holy Quran for mankind.
- On this note, let us look at how the Holy Quran explains the impact of iman or faith on us, and how it shapes our lives, our families and our community.
- Firstly: The Holy Quran explains that faith will steer our spirituality and intellect towards doing good.
- Second: A strong faith in Allah s.w.t. will give us the strength and motivation to strive to improve our own conditions, and that of our families, because we want success in this world and the hereafter.
- Third: A mukmin will not let any opportunity to do good slip by him. At all times, he will be alert to any such opportunity and will maximise it.
