### THE SPIRIT of HELPING ONE ANOTHER THROUGH ORGAN DONATION and HOTA

- Last week, we learnt of how the Syariah of Allah s.w.t. brought to us by our beloved Prophet Muhammad s.a.w. only brings goodness to mankind.
- One of the meanings of rahmah is goodness and blessings. This therefore means that the Prophet s.a.w. Brought with him goodness and blessings to all the worlds.
- It follows then that one of the objectives of the Syariah is to instil the value of helping one another, supporting and also reassuring one another.
- But a mukmin will never be at peace knowing there are others who suffer in pain and hardship, until he/she comes forward to help in whichever way possible.
- For example, there are in our midst some brothers and sisters who are still suffering from organ failure. The number of kidney patients in our community are high. Currently, the best treatment is the organ transplant.
- Hopefully, with this, may Allah shower us with His mercy and blessings. May we, as a community, become an example and blessing to others, Amin.
