SEIZE THE OPPORTUNITY of the LAST 10 DAYS of RAMADHAN

- Today, we have completed almost two-thirds of this blessed month of Ramadhan. The first part of Ramadhan is where Allah gives His mercy. The middle part is where Allah gives His pardon and forgiveness. And now, in these last ten days, Allah grants many of His servants freedom from the torment of the hellfire.
- Indeed, our Holy Prophet s.a.w. would intensify his act of devotion to Allah, especially in the last ten days of Ramadhan.
- What is the reason behind this intensification? There is a night in the last ten days of Ramadhan, when one who worships in that night is rewarded as if he or she worships for 1000 months.
- Let us seize this opportunity by increasing our repentance to Allah, to do the night prayers, to remember Allah and to always raise our hands in doa to Him.
- Hopefully, by understanding the rewards and benefits of the last ten days of Ramadhan, we will be successful and gain the blessings and mercy of Allah Amin Ya Rabbal 'Alamin.
